Day of play - Live Scoring & Leaderboards

Live Scoring is a great way to add an exciting, competitive edge to your golf day and is incredibly easy to use. One player from each group will be required to enter the gross scores into the Golf Genius app to produce instant, and in play, live leader boards.

The ability to play multiple formats at one time with no manual working out of scorecards is now available to you. Why not try something out of the box? Such as:

6/6/6 (scramble, best ball, both ball's)
Cha, Cha, Cha, (best 1, best 2, best 3)
Skins
Foursomes
Ryder Cups & much more.

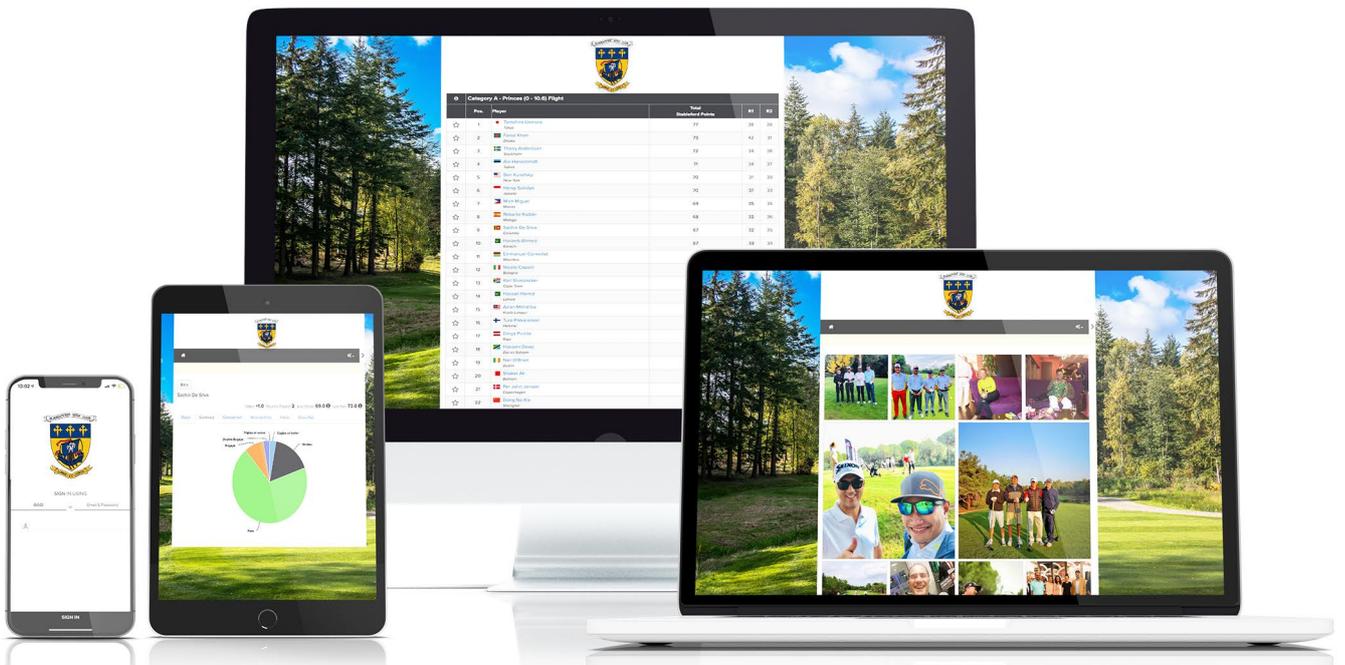

TV Leaderboards will be on display throughout the club house showing the scores live as they come in from off the course.

Don't want anyone to know who has won until the big prize giving presentation? Not a problem! We will hide the scores after 15 holes to create drama and excitement in the club house, ready for the big moment.
